

Kisuk Kiyukyt

My name is Sandra Luke, one of the candidates running for Lower Kootenay Band Council. I am open-minded, considerate of others, a good listener but most of all I have a big heart

I currently hold the portfolio for Lands and Resources at the KNC level and am the Sector Chair. I also hold the Education and Employment Portfolio for Lower Kootenay Band.

My time on Council has its ups and downs but I still manage to hold my own. It has taken me on many travels, to the Coast, the U.S.A. and mostly to Cranbrook so I have put on a lot of miles. I love meeting new people and seeing new places. Working with the Federal and Provincial governments can be challenging at times but sitting down with them and listening to each other, can be beneficial.

I am not going to make promises I cannot keep, but please know that I will be your voice at the tables.

There may be times where I cannot answer or accomplish everything but I will do my best to make sure it gets done. I believe in following through on tasks and providing concrete answers.

It is my belief that my job is not done as a Council Member, and if Re-elected I will represent the Lower Kootenay Band Membership respectfully and to the best of my ability.

Taxa
