

VOTE 4 ROBERT LOUIE

Vote 4 Change

I am counting on my people to support this change.

FOR OUR COMMUNITY

UNITY – LET’S MOVE FORWARD TOGETHER

I promise to LISTEN to Lower Kootenay Band members. YOU will have a say in how our dollars are spent. YOU will have your concerns HEARD and together we will meet the needs of our community.

GOOD FUTURE FOR THE YOUNG PEOPLE

Let’s have a future where our young people do NOT have to hear the words No, Can’t be Done, No Money. We can work together to Problem Solve and figure out ways to say YES, YES, YES. Our ancestors valued the young as you are our future. Together we will figure out a way to the Good Future.

EMPLOYMENT

CREATING OPPORTUNITIES FOR OUR PEOPLE

Employment and contract services should be offered to our people first, not following the current process of looking everywhere except in our community. A good example is the cost of legal services and the many, many dollars spent with very little, if any, being contracted to our own Band Members, three of which have legal degrees. I remember a time when an elder would identify a person qualified to do a job and go offer that job to the Band Member. Let’s get back to traditional ways.

EMPLOYMENT THAT IS RELEVANT

Band Members will choose investment opportunities that are relevant and that create jobs in this community....investments that mean something to the people here.

TRADITION & CULTURE

- We have our own teachings!
- We have our land base!
- Tradition & culture is our right!
