Independent Auditor's Report

To the Members of the Lower Kootenay Band

Opinion

We have audited the accompanying financial statements of the Lower Kootenay Band, which comprise the statement of financial position as at March 31, 2019, and the statements of financial activities, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Lower Kootenay Band as at March 31, 2019 and its financial performance, cash flows and changes in net financial assets for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Band in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Band's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Band or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Band's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent Auditor's Report (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Band's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Band's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Band to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Lower Kootenay Band Summary of Significant Accounting Policies

March 31, 2019

Basis of Presentation	It is the policy of the Lower Kootenay Band (the "First Nation") to follow accounting principles generally accepted for First Nations in the Province of British Columbia. They have been prepared using guidelines issued by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants Canada (CPA Canada). The First Nation provides services such as band government, public works, social development, community health, economic development, land and resources, housing and a community school.
Reporting Entity	The First Nation reporting entity includes the Lower Kootenay Band Council and all related entities which are accountable for the administration of their financial affairs and resources to the First Nation and are either owned or controlled by the First Nation.
Government Business Partnerships and Enterprises	<p>These financial statements include the following organizations accounted for on a modified equity basis:</p> <ul style="list-style-type: none">- Ainsworth Hot Springs Ltd.- Ainsworth Hot Springs Limited Partnership- Ka'amaknala Development Corporation- Ktunaxa Holdings Limited Partnership- Lower Kootenay Development Corporation- Lower Kootenay Guide Outfitters Ltd.- Lower Kootenay Development Limited Partnership- Morris Flowers Inc.- Nupika wu'u GP Ltd.- yaqan nukiy Farms LP
Long-term Investments	Long-term investments in entities in which the First Nation does not hold a significant influence are recorded at cost. If there has been permanent decline in the value of these investments, it is written down to its net realizable value.
Fund Accounting	<p>The First Nation is segregated into various funds for accounting and financial reporting purposes. Each fund is treated as a separate entity with responsibility for stewardship of the assets allocated to it.</p> <p>The funds of the First Nation are as follows:</p> <ul style="list-style-type: none">- Lower Kootenay Band Operations Fund- The Property, Plant and Equipment Assets Fund- The Trust Fund
Temporary Investments	Temporary investments are stated at the lower of cost and market value.

Lower Kootenay Band Summary of Significant Accounting Policies

March 31, 2019

Leased Assets Leases entered into, that transfer substantially all the benefits and risks associated with ownership, are recorded as the acquisition of a tangible capital asset and the incurrence of an obligation. The asset is amortized in a manner consistent with tangible capital assets owned by the First Nation, and the obligation, including interest thereon, is liquidated over the term of the lease. All other leases are accounted for as operating leases, and the rental costs are expensed as incurred.

Government Transfers Government transfers, which include legislative grants, are recognized in the financial statements in the period in which events giving rise to the transfers occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amount can be made.

Budget Figures The budget figures are approved annually by Chief and Council. They have been reallocated to conform to PSAB financial statement presentation. Subsequent amendments have been made by the Chief and Council to reflect changes in the budget as required.

Tangible Capital Assets Tangible capital assets are recorded at cost. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded using the declining balance method commencing once the asset is available for productive use as follows. The following rates are used to amortize each category of tangible capital asset:

Buildings	1% - 4%
Community infrastructure	4%
Equipment	20% - 30%
Assets under construction	nil

Impairment of Long Lived Assets In the event that facts and circumstances indicate that the First Nation's long lived assets may be impaired, an evaluation of recoverability would be performed. Such an evaluation entails comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount to determine if a write-down to market value or discounted cash flow value is required. The First Nation considers that no circumstances exist that would require such an evaluation.

Lower Kootenay Band Summary of Significant Accounting Policies

March 31, 2019

Revenue Recognition	<p>Government funding is recognized as it becomes receivable under the terms of applicable funding agreements. Revenue received under funding agreements which relates to a subsequent fiscal period is recognized as revenue in the period in which the resources are used for the purpose or purposes specified.</p> <p>Rental revenue is recognized as it becomes receivable under the terms of the rental agreement.</p> <p>Income from partnerships and business enterprises is recognized based on the modified equity pick-up basis.</p> <p>Sales of service and other revenue is recognized on an accrual basis.</p> <p>All other revenue is recognized as it is earned.</p>
Deferred Revenue	<p>Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general purposes are accounted for as deferred revenue on the statement of financial position. The revenue is recognized in the statement of financial activity in the year in which it is used for the specified purpose.</p>
Financial Instruments	<p>The First Nation recognizes and measures financial assets and financial liabilities on the statement of financial position when it becomes a party to the contractual provisions of a financial instrument. All transactions related to financial instruments are recorded on a trade date or settlement date basis. All financial instruments are measured at fair value on initial recognition. Financial instruments are subsequently measured at amortized cost as the First Nation has not entered into any derivative contracts. Since no financial instruments are measured at fair value after initial recognition, a Statement of Remeasurement Gains and Losses has not been presented in these financial statements</p>
Use of Estimates	<p>The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.</p>

Lower Kootenay Band
Notes to Financial Statements

March 31, 2019

1. Economic Dependence

The First Nation receives a portion of its revenue pursuant to funding arrangements with Indigenous Service Canada ("ISC"), as detailed by a comprehensive funding agreement.

2. Cash and Investment Deposits

The First Nation maintains all of its cash and investment balances with two financial institutions in British Columbia. The Canada Deposit Insurance Corporation (CDIC) insures each of these accounts up to \$100,000. The aggregate funds held in each institution may exceed the CDIC insured limit from time to time and specific funds held by the institution may not be covered by CDIC insurance. Management does not anticipate any material effect on the financial position of the First Nation as a result of this concentration.

3. Restricted Cash

18. Segmented Information (continued)

Lower Kootenay Band is First Nation community of over 200 members located in the Creston Valley in south eastern British Columbia. The First Nation provides a variety of services to community members, and receives funding from various federal and provincial government agencies to support the delivery of these services. Segmented reporting by program is used to account for the scope and significance of each service.

Administration

This program includes revenues and expenses relating to governance activities undertaken by Chief and Council, band membership activities, administrative services of the First Nation, and finance and accounting activities for the band and its business ventures. The operation of the economic development, operations and maintenance and infrastructure and land management activities are also facilitated by this program.

Social Development

This program includes the revenue and expenses relating to the delivery of social assistance programs to Lower Kootenay Band members, and the delivery of cultural activities in the community. Certain social development activities are funded through agreements with Indigenous and Northern Affairs Canada and have specific eligibility criteria.

Health

The Health program provides a variety of health services to the community pursuant to a funding agreement with First Nations Health Authority and other external funders. The Health program also includes revenues and expenses relating to recreation activities for community members.

Education

The Education program includes the revenues and expenses relating to the operation and maintenance of the community school located on the reserve lands of the First Nation.

Social Housing Program

This program includes the revenues and expenses relating to the operation of the First Nation housing rental units and the provision of various housing services to Lower Kootenay Band members. This program also includes the revenues and expenses relating to the operation of the First Nation's CMHC Social Housing Units, including individual houses and multi family units.

Capital Fund

This program includes the revenue and expenses relating to the construction, maintenance and operation of community infrastructure and buildings, and the provision of community services to Lower Kootenay Band members.

Notes to Financial Statements

March 31, 2019

19. Financial Instrument Risk Management

The First Nation holds various forms of financial instruments. The nature of these instruments and the First Nation's operations expose the First Nation to credit risk. The First Nation manages its exposure to this risk by operating in a manner that minimizes its exposure to the extent practical.

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation. The First Nation is exposed to credit risk resulting from the possibility that a counterparty to a financial instrument defaults on their financial obligations and from concentration of transactions carried out with the same counterparty.

20. Funds Held in Trust

Funds held in trust and administered by the First Nation are as follows:

	<u>2019</u>	2018
Band members - land settlement	<u>\$ 64,453</u>	<u>\$ 64,453</u>

The First Nation holds and administers the above amount in trust relating to deposits and other cash amounts on hand relating to other parties. At March 31, 2019 the liabilities which relate to these funds held in trust are fully funded.

21. Comparative Information

The comparative amounts presented in the financial statements have been restated to conform to the current year's presentation. These restatements had no effect on the annual or accumulated surpluses.
